A creative and detailed individual has the capacity to develop an effective solution and possess a positive attitude towards individual goals and an organizational goal.

Education

- **B.SC Computer Science**
• Government Arts College - Dharmapuri
2020-2023
Aggregate : 72
- **Higher Secondary School | SSLC**
• Dawn Matric Higher Secondary School -Dharmapuri
2018-2020
Aggregate: 68
- **High School | SSLC**
• Government High School - Kolagathur
2017-2018
Aggregate : 75

Language

- Tamil
- English

Skills

JAVA

- Proficient in Java, including OOP, file handling, loops, and methods.
- Experienced in object-oriented programming (OOP), including concepts like classes, objects, inheritance, encapsulation, and polymorphism.
- Solid on loops and creating methods and objects.
- proficient in exception handling

HTML and CSS

- With a deep understanding of HTML tags and elements.
- As an HTML enthusiast, I continuously expand my knowledge for standards and best practices.
- I have honed my skills in HTML like tables and forms

Javascript

- Familiarity in JavaScript programming, with a deep understanding of its core concepts, including variables, data types, operators, and control structures.
- Competent in manipulating the Document Object Model (DOM) using JavaScript to create dynamic and interactive web applications.
- Skilled in working with asynchronous programming, utilizing callbacks, promises, and async/await to manage non-blocking operations effectively.

Oracle SQL

- Strong in RDMS concepts like data integrity, constraints.
- proficient in joins
- Adept with SQL statements like data definition language data manipulation language transaction
- control language Skilled with subqueries, correlated subquery.
- competent to do normalization

React Js

- I have Strong knowledge in Fragments and Interpolations
- Skilled in working with virtual Dom and Adapt in Props , Props Drilling , states as well.
- Excellent knowledge in Fetching API as well as React Router and Router Dom
- Competent in Hooks and HOC (Higher Order Component)

Projects

● **Shaadi.com - Clone**

Created a Clone of the Shaadi.com website using Html and CSS with Multiple Hyperlinks Taking Us different page.

● **Zomato.com - Clone**

Created and developed a Clone of the Zomato website using Html and CSS without the interactive aspect.

Intern - Workshop

● **KOTLIN PROGRAMMING**

- Kotlin is a modern, statically-typed programming language it making an ideal choice for a wide range of applications.
- Android app development to server-side programming. With its seamless interoperability with Java , robust type inference and null safety features.
- Kotlin's versatility and ease of use make it a valuable tool for building high-quality software efficiently.

● **XML**

- XML, or Extensible Markup Language, is a versatile and widely-used markup language designed to store and transport data.
- It's simple yet powerful structure allows for easy readability by both humans and machines.
- XML is employed across various domains, from web development to data interchange, serving as a standard format for representing structured data
- It's flexibility and compatibility, XML remains a cornerstone technology for organizing and sharing information in a standardized way.

INTERESTS

- SCRIPT WRITING - (Like Flim Making Scripts)
- SPORTS - (Especially Cricket)
- BLOCK CHAIN TECHNOLOGY
- TRAVELLING AND EXPLORING

CERTIFICATES

- Certified in Kotlin programming in Workshop Event
- National Leval Technical Symposium Event : -
 - 1 . Certified in Paper Presentation (Block Chain Technology)
 2. Certified in Quiz Programming
 3. Certified in Code Error Shotting (Java Programming)

Declaration

I hereby confirm that all facts stated above are accurate to the best of my belief .
